Urban Shocker and Joe Gedeon
Only Lads to Stick After Deal

URBAN SHOCKER AND GEDEON ONLY PLAYERS TO STICK

By LOUIS A. DOUGHER.
Only Urban Shocker, the big right handed pitcher, and Joe Gedeon, the former Griffith, are expected to be retained by the Browns, according to reports from St. Louis. The other three men obtained in the deal for Derrill Pratt and Eddie Plank, Nick Cullip, Fritz Malsel, and Leslie Nunamaker, are expected to be used in further trades.

The Browns now have a capable pitching staff, which may explain their willingness to part with Cullip. The slim southpaw was injured last year and never recovered his strength or his pitching form. He was sure to be hampered from the onset in one inning or another. If it wasn't the first, it might be the third or the eighth. But he just had to be knocked off the slab. It is thought that Fielder Jones has faith in him.

Fritz Malsel's light hitting last year may explain why Jimmy Austin is preferred to him as a third baseman for the Browns. Malsel is glad to leave New York, his hometown, but the Browns seem just as willing to let him go.

Nunamaker is a willing worker and a fair backstop, but Hank Greenwald is just as hard a worker and outranks the former Yankee in every other way.

These three players will shortly be traded for other that look good to Bobby Quinn, business manager of the Browns.

Keep Signatures Secret.
Although six of the Yankees are reported to have signed for 1918, their names have been kept secret. The Yankees management believes that, if the public is not informed about those players refusing to sign, half the battle is won. The players will lose whatever support they might have from the fans.

Now that Clark Griffith has decided to train at Augusta, Ga., every club in the major leagues has picked its training camp. The old Fox lingered long before making his decision, listening to overtures from Tampa, Fla., as well as from Augusta. Like other clubs in these days, Griffith will take a small squad to the training camp, not more than twenty-five players being in uniform each day. Ball clubs willing to transport a small army of rookies South are few and far between these days. Old H. C. of L. is in charge of things.

Brings Grit From Fans.
A huge grin is seen on the face of every fan who reads the latest announcement, which follows:
"During their spring training at Jacksonville, the Pirates and the Mackmen will play against each other every afternoon. These practice games are expected to attract large crowds."

Just how many will turn out to see the Mackmen and Pirates in action remains to be seen, but few major league fans believe that a handful will be out for the second game after witnessing the first one. Both clubs will train at Jacksonville, though using different parks.

Byrd Lynn and Nemo Leibold have signed with the White Sox. Now Manager Rowland can sleep in peace.

Cleveland Will Lose.
Cutting out these extra Sunday games is going to hit Cleveland hard next season. Last year the Indians would hop back from Philadelphia, New York or Washington for a Sunday game with an Eastern club. One such contest last season attracted 25,000 fans. Washington was the Indians' opponent.

It is estimated by a Cleveland writer that the inability of the Indians to make those over-night jumps for Sunday games at home will make a difference of at least \$50,000 in the total attendance figure for 1918. Fifty thousand fans spend a lot of money, but the railroad tangles prevent the overnight hops, that's all there is to it.

The White Sox have passed up Excellence Springs, Mo., and will train at Mineral Wells, Tex., as they did last year. President Comiskey thinks Mineral Wells the best place in the country for a training camp.

CENTRAL TO COMPETE AGAINST POLY TANKERS
Central High School will compete in swimming against the Baltimore Polytechnic Institution swimming team in the Central pool Saturday night, it is announced. The visitors will have a number of first-class swimmers. Central was beaten by Poly last season, but expects to come through with a win this year.

ADVISERS IN SESSION AT FRANKLIN SCHOOL.
Faculty athletic advisers will take up the question of new eligibility rules at today's meeting at the Franklin School. The schedules for next year will be gotten out. It is understood.

TEAMS ARE TIED.
ANNAPOLIS, Md., Feb. 4.—The unbeaten swimming team of the Massachusetts Institute of Technology almost succumbed yesterday to the prowess of the Annapolis Midshipmen, in the final final meet here. Each team scored twenty-five points.
